German: Beginners proficiency (A1 Level)

RESEARCH INTERESTS

Structural Design, Construction Materials, Finite Element Methods, Numerical Analysis

EDUCATION

Sultan Qaboos University, Muscat, Oman
M.Sc., **Civil Engineering**, Expected June 2020
Master thesis: "*Finite Element Modeling for Impact Response of Reinforced Concrete Beams*".
Graduating GPA: 3.26/4.0

Sultan Qaboos University, Muscat, Oman
B.Eng., **Civil Engineering**, June 2016
Bachelor thesis: "*Structural Final Design of Extension of Facilities for Sultan Qaboos University*".
Graduating GPA: 2.92/4.0

Al-Khoud High School, Muscat, Oman
High School Diploma
Overall score: 90%

WORK EXPERIENCE

Structural Engineer, Muscat, Oman 12.2016 – Present
Marina Engineering Consultancy
Structural design of reinforced concrete structures.
Construction sites supervision.
Professional meetings with local municipality for designs discussions.
Guidance of drafters to produce professional technical drawings.

TRAINING AND WORKSHOPS	University of Belgrade , Belgrade, Serbia	06.2015 – 07.2015
	Industrial Training II Research Assistance at faculty of Civil Engineering: prepared samples of reinforced concrete beams with different percentages of Fly ash.	
	Sultan Qaboos University , Muscat, Oman	01.2014
	Industrial Training I Conducted topography survey for a mountainous area using total station. Carried out leveling using a level instrument.	
PROJECTS	Preformance Evaluation of Rubberized Asphalt Concrete	05.2016
COMPUTER SKILLS	FE: LS-DYNA, ETABS, Safe, STAAD.Pro CAD: AutoCAD 2D, Arch Cad, Revit Programming languages: C++, Matlab
